

It is if the turf is healthy and vigorous. Not just on tees and greens. But fairways too.

And using Daconil 2787® fungicide on a full and regular schedule is the best way to make sure all the turf on your course is disease free.

Daconil 2787 is a highly effective broad spectrum fungicide that controls 9 turf damaging diseases. Including the ones that can ruin a fairway. Like leaf spot, Dollar spot and Large brown patch.

What's more, turf has excellent tolerance to Daconil 2787. Even in hot humid weather. Daconil 2787 can be used on over 25 species and varieties of grass.

So if you're not using Daconil 2787 now, try it. And you'll get the same excellent disease control and residue protection a lot of superintendents get season after season.

Daconil 2787. Keeps tees, greens and fairways fit for masters.

ORTHENE-INSECT PROTECTION AT ITS BEST.

ORTHENE[®] Tree & Ornamental Spray is a giant step forward in protection. It kills a wide range of insects, on contact and with a lasting residual action. In fact, it's probably the only insecticide you need.

Here are some of the insects it kills; aphids, bagworms, birch leafminer, tent caterpillar, Douglas Fir tussock moth larvae, gypsy moth larvae, webworms, scales, California oakworm, spring and fall cankerworms, Nantucket pine tip moth larvae, and adult root weevil.

NEW FROM ORTHO
A companion product from ORTHO is **ORTHO-MITE[™] Ornamental Miteicide**. It's the perfect solution for mite problems on flowers and ornamentals.

AVOID ACCIDENTS:
For safety, read the entire label including precautionary statements. Use all chemicals only as directed.

"Saved money."

*Jim Anderson, Lost Spur Country Club
St. Paul, Minn.*

"Controlled brown patch."

*Larry Bunn, Blue Hill Country Club
Canton, Mass.*

"3 week control."

*Chris Myers, Bloomfield Hills Country Club
Bloomfield Hills, Mich.*

"Best I've ever used."

*Vince Spano, Hamlet Golf & Tennis Club
Delray Beach, Fla.*

Chipco® 26019 is getting the w

The word is spreading fast and it's all good. "With Chipco 26019 we've pretty well licked our disease problems and it lasts up to 21 days!" said Larry Bunn at Blue Hill C.C.

Jim Anderson, Lost Spur C.C., emphasized 21 day residual control saying "The longer time between spraying has saved money and labor to keep us within budget." And Firestone's Jim Loke said, "with 200 to 300 players per day, the long spray interval adds extra convenience."

They're all impressed with just how effective Chipco 26019 is against the toughest disease problems like dollar spot, (including benomyl resistant dollar spot) brown patch, Helminthosporium (leafspot, and melting out) and fusarium patch in the Northwest.

Bent Tree C.C. Superintendent Warren Stringer said, "Leaf-spot was epidemic in proportions here last Spring. Weeks of rain left our usual fungicides ineffective. Chipco 26019 turned the tide."

"Extra convenience."
Jim Loke, Firestone Country Club
Akron, Ohio

"What I'll use in the future."
John Monson, Broadmoor Golf Club
Seattle, Washington

"Effective against leafspot."
Warren Stringer, Bent Tree Country Club
Dallas, Texas

"Eliminated dollar spot."
Robert Williams, Maidstone Club
East Hampton, N.Y.

ord from the guys that count.

Larry Bunn noted, "we controlled dollar spot and brown patch with two applications." And Chris Myers of Bloomfield Hills C.C. said that Chipco 26019 controlled dollar spot "longer than any other fungicide he used last year."

This season, ask your Chipco distributor or Rhône-Poulenc representative about Chipco 26019...the turf fungicide that outperforms anything else you can use, with about half the number of sprays. Who says so? *You, the turf care professional.* And as far as we're concerned, that's the last word.

Specify AQUA-GRO®

FOR MORE SUCCESSFUL LANDSCAPING AND GROUNDS MAINTENANCE AT LOWER COSTS.

Irregular growth of turf in stratified soil when maintained with plain water

- Compensates for poor soil mixtures and soil stratification
- Helps eliminate hot spots
- Allows for the rewetting of B & B stock and the establishment of sod.

Recovery of same area in two weeks when maintained with Aqua-Gro and water

- Eliminates seed floating, reducing drought, heat stress, and disease.
- Increases fertilizer and pesticide performance.
- Provides for improved plant establishment and growth.

AQUA-GRO is available in liquid concentrate or spreadable granular. For free illustrated brochure write to:

EXCEL HUSTLER owners mow more acres per payroll hour per gallon.

Your EXCEL HUSTLER means
Mower and More — every season.

The Mower cuts fine grass or rough, 54" to 72" swaths, rotary or flail. Dual hydros transmit *instant pure motion* to drive wheels in response to a light touch on the twin hand levers. Less time wasted on maneuvers means More work time for your money! Two hydrostatic pumps work at only half the pressure so last many seasons longer. More value, less downtime.

More year-round return from your initial investment in air cooled 275 or 285 or liquid cooled 295, plus turf and grounds attachments: Edger, Catcher/Compactor, Cultivator; Rotary Broom, Dozer Blade, Snow Thrower. Also ROPS, Cab, Tilt-Deck Trailer.

And More:

Factory trained service & parts from your Distributor. Write for his name and literature.

Charles Craig put his career on the line to use Roundup® herbicide. And he won.

When Charles Craig decided to renovate 35 acres of this college campus with Roundup® herbicide in 1977, he knew that if it didn't work, he'd probably have to "hide under a rock."

But, fortunately, Charles didn't have to go into hiding because just 7 days after he applied Roundup he was able to reseed right into the dying grasses.

"Yes, I put my career on the line, but I felt all along that Roundup was going to work," Charles says. "There was no doubt in my mind."

As horticulturist for Mercer County Community College in Trenton, New Jersey, Charles Craig depended on Roundup for the broad spectrum control

he needed for tough grasses like quackgrass, orchardgrass, tall fescue and others. And since Roundup has no residual soil activity, he was able to reseed in a matter of days.

"Seed germination was terrific, especially with the weather we had," Charles told us. "Everyone always says it looks nice."

Charles still uses Roundup for touch up jobs around cracks in the pavement, parking lots, buildings, tree bases and flower beds. Taking precautions against spray drift, Charles has no fear of harming surrounding vegetation with Roundup.

Charles Craig is convinced that Roundup works, and he has 35 acres of beautiful turf to prove it.

To see how it can work for you, reach for Roundup where you buy chemicals.

For literature, call 1-800-621-5800, or in Illinois, 1-800-972-5858.

Monsanto

There's never been a herbicide like this before.
