

ABA Section of Individual Rights and Responsibilities. In January, 1982, the ABA Section of Individual Rights and Responsibilities introduced to the House of Delegates a measure urging an amendment to the Civil Rights Act of 1964. It called on Congress to add a clause to the original legislation which specifically exempted private clubs. The ABA proposal would have brought private clubs under the 1964 Act by redefining as a "public accommodation" any private club or organization which derives a "substantial portion" of its income from business sources.

The NCA will try to defeat both of these resolutions in the ABA House of Delegates this month.

**GCSAA from page 8**

members of the Association because of educational opportunities and personal gain.

The Midwest Chapter's survey, developed by Len Berg, superintendent of Village Greens of Woodridge, Woodridge, IL, was designed as a "communications tool."

"We wanted to get some feedback from our organization on where the GCSAA is heading," Berg said. "It gives our delegates some background information."

The results of the survey follow:

1. **Do you support relocation of GCSAA Headquarters?**  

YES	54%	NO	46%
-----	-----	----	-----
2. **Do you support allocating additional efforts and time in reviewing the possibility of relocating out of Lawrence, Kansas?**  

YES	56%	NO	44%
-----	-----	----	-----
3. **GCSAA Headquarters should stay in Lawrence, Kansas.**  

YES	49%	NO	51%
-----	-----	----	-----
4. **I will always be a member of GCSAA because of educational opportunities and personal gain.**  

YES	80%	NO	20%
-----	-----	----	-----
5. **Would you attend four (4) consecutive Monday workshop sessions to review and complete the Golf Course Superintendent's Certification Exam?**  

YES	72%	NO	28%
-----	-----	----	-----
6. **Do you support the Certification Program, whether you become certified or not?**  

YES	80%	NO	20%
-----	-----	----	-----
7. **Are you aware of and do you use the many services provided by GCSAA?**  

YES	72%	NO	28%
-----	-----	----	-----
8. **Would you support hosting the G.C.S.A.A. International Conference and Show in the Chicago area?**  

YES	56%	NO	44%
-----	-----	----	-----
9. **I support the 1983 dues increase because of GCSAA involvement and leadership role in today's golf industry, plus the benefits I receive as an active member.**  

YES	64%	NO	36%
-----	-----	----	-----

Ryegrass is the all-around answer to excellent winter turf in the Southern U.S.

A grass which germinates in a matter of 7-10 days, or even less under ideal conditions, Ryegrass comes as annual or perennial and in premium or utility grades.

Thoroughbreds of the Ryegrass family are the fine-bladed, turf-type perennial varieties which produce "show quality" turf.

Vigorous as well as handsome, they can be mixed with bluegrass or fine fescue and mowed at heights ranging from 3/16 inch to 1 1/2 inches.

Perennial performs like an annual in the South and fades on arrival of summer.

Oregon annual and Gulf annual have long been used to produce handsome turf at a lesser cost. Annual tolerates mowing heights similar to the turf-types and is handsome enough for putting greens at some of the South's better golf clubs.

Ryegrass is cold tolerant and retains its color during the cold of winter. It responds rapidly to fertilization and quickly develops a strong root system.

History has shown that Ryegrass is the answer to the overseeding problem on golf courses, parks and playgrounds, athletic fields and home lawns.

**For more information and free brochures about Ryegrass, see your Seed Dealer**

Oregon Ryegrass Commission

# Clemfine

**The new Turf Type Tall Fescue . . .  
developed by Clemson University**

What better place to develop a tall fescue that meets the demands of hot summer conditions? Not to mention the added bonus of good shade performance to answer the southern shade problem!

Clemfine was developed under the direction of Dr. Frederick Ledebor, formerly of Clemson

University and Dr. Robert Mazur, currently with Clemson University.

No pussycat, this tiger out of Clemson University. . . Clemfine turf type tall fescue.

*Clemfine is a product of Great Western Seed Company and Lofts Seed Inc., and is distributed through Great Western Seed Company, Albany, OR (503) 926-5892.*
