# CUSHMAN FRONT LINE: THE MOWER THAT CUT CLEAN THROUGH THE COMPETITION.

You're looking at the biggest success story in mowing history. The Cushman Front Line.™

Just 3 years after it was introduced, the Front Line has been put to work on more parks, more campuses and more golf courses than all other mowers but one.

And in what really counts, the Front Line is second to none.

## PERFORMANCE THAT'S A CUT ABOVE.

Performance means different things to different groundskeepers.

You will be most impressed by the Front Line's clean, professional cut. Its 3 blades overlap each other so that no grass is left uncut. And optional rollers at the deck's rear virtually eliminate scalping on hills.

Performance can also mean smooth operation. To that end, we've given you traction assist pedals for a zero turning radius. A smooth shifting hydrostatic transmission. And logically placed operator controls.

## MORE THAN JUST GREAT PERFORMANCE.

All high stress engine parts are Cushman engineered for long life.

The deck is 16-gauge carbon steel, reinforced with torsion members to prevent twisting.

You can choose from 60" or 72" decks. Side or rear discharge. Gas or diesel engines. And there's a full range of accessories for year 'round maintenance work.

For a free demonstration on your grounds, contact your Cushman dealer or call us toll free at 1-800-228-4444.

Once you see it in action, you'll want the Front Line cutting for you.
