# New Toro® controllers combine simplicity with total control

## Toro's 8+1 and 12+1 electromechanical controllers handle drip irrigation, too!

Here's the latest advance in controllers, solving many of the problems you've reported from the field. For example, we think you'll appreciate that the key to our 8+1 and 12+1 controllers is *simplicity*, yet with all the control you need. They're simple to install, and that saves you time and money! Simple to *program*, too. And simple to *service*. All the advantages you've been looking for. The

" + 1" part of our name? That stands for the one extra, *independent* system that controls drip irrigation *simultaneously* with any of the 8 or 12 stations. As far as we know, these new Toro electromechanical controllers are the only ones of their kind available today. As always, a step ahead of the rest . . . TORO!

EXCELLENCE IN IRRIGATION
