

# Choose the utility tractor that'll best measure up to your jobs.

There's hardly any grounds maintenance job too big for the new John Deere 2150 and 2350 Utility Tractors. These 45- and 55-PTO-hp models are totally John Deere designed and built to stand up to jobs many utility tractors back away from.

They're equipped with standard features you'd expect to find only on larger, more expensive tractors. Proven John Deere features that add up to the kind of reliability we've built a tradition on.

Like our smooth-running, fuel-efficient diesel engines. Both the 3- and 4-cylinder in the 2150 and 2350, respectively, are built tough for years of hard work and high productivity.

Shift on-the-go with the synchronized transmission featuring 8 forward and 4 reverse speeds. Double the number of speeds by choosing the Hi-Lo option. An optional shuttle-shift lets you change direction without clutching.

For jobs that require extra traction, choose the optional mechanical front-wheel drive. It engages on-the-go with the push of a button, and works together with the rear differential lock to boost traction.

John Deere closed-center hydraulics respond instantly to tough work demands. The high-pressure system provides hydraulic muscle for steering, braking, 3-point-hitch implements, remote cylinders and hydraulic motors.

The 2150 and 2350 are "human engineered" to enhance operator productivity. Features like a deluxe adjustable seat, color-coded controls, and hand and foot throttles help shorten long days.

Outfit the tractors with capacity-matched John Deere implements to speed up almost any job. And choose optional equipment to exactly suit your needs.

For the name of the nearest dealer, or a free folder on the John Deere diesel utility tractors, call 800-447-9126 toll free (800-322-6796 in Illinois) or write John Deere, Dept. 69, Moline, Illinois 61265.
