Safe way to reduce moisture loss on cut or live Christmas trees, wreaths and indoor green plants.

Excessive moisture loss from Christmas greens causes severe drying out and excessive needle drop when Christmas trees and greens are brought indoors.

Wilt-Pruf acts as a protective coating which holds in moisture on foliage reducing water loss.

Also Wilt-Pruf is excellent for non-flowering indoor green plants when regular water schedule is interrupted.

Available in quart Ready-to-Use Trigger Sprayer and 14 oz. Aerosol.

Don't let this happen!

UNBEATABLE CUT, UNBEATABLE PRICE.

INTRODUCING THE LOCKE PROFESSIONAL.

Locke, the name that revolutionized the home landscape industry with the technologically revered triplex reel mowers, is making news again!

Introducing the new Professional. The first Locke mower designed especially for large grounds where a precision cut is mandatory, like golf courses, playing fields and other fine grounds.

THE FIRST REEL MOWER WITH A REAL DIFFERENCE.

Up until now, the only way to get a superior, high-quality cut was to buy an expensive hydraulic reel mower. The Locke Professional has changed this.

The Professional has a proven mechanical cutting system that delivers a great looking turf that is sure to meet the standards of even the most discriminating golf course superintendents.

Incredibly, the Professional delivers this unbeatable cut at an unbeatable price. With the Professional, you can save thousands of dollars versus the cost of hydraulic reel mowers.

BUILT STRONG FROM THE INSIDE OUT.

One look at the Locke Professional and you know it was built with extraordinary quality...engineered for reliability and durability.

The Professional offers a broad range of features designed to give you maximum performance: $\frac{3}{8}$ - $2\frac{1}{2}$ inch cutting height, up to 87 inch cutting width, grass catchers and micro-reel adjustments. Features that will help you cover more ground in less time.

If you're considering a new mower, discover the reel mower with a real difference. Discover the Locke Professional and get an unbeatable cut at an unbeatable price.

Professional Quality Reel Mowers

WEEDS

THE PROTECTOR. LESCOSAN*

For pre-emergence control of your turf's foulest foes, apply Lescosan. The protector is available from LESCO in a variety of convenient forms to meet your needs -- liquid, granular or with fertilizer. Apply Lescosan with confidence and ease. The protector knows its friends. Does not thin turf or damage grass roots. Lescosan 4E, 7G, 12.5G and with Fertilizer.

Put the enemy to rest. Call Barb to order the Lescosan you need.

Hahn SPRAY-PRO 44

This "crew" should be working for you

the aerifier... Hydraulically controlled from the operator's position. Penetrates to 3 inches, depending on soil conditions, a full 42" width. Optional Slicing Blades to open the soil with a minimum of turf disturbance.

the sprayer... 160 gal. tank, 3-section boom for 18 ft. coverage. Spray with 1, 2, or all 3 booms. Fingertip control of all spraying functions.

the spreader... Precise rate settings for a uniform pattern. Top dress sand in 12 to 20 ft. swath, apply seed, fertilizer and lime 20 to 40 ft. Up to 500 lbs. per minute.

the utility truck bed... 1500 lbs. capacity. Converts to dump bed with addition of Hydraulic Pac.

Are we confident of our quality? ... our **ONE YEAR LIMITED WARRANTY** says it all.

GET THE FEELING THEY KNOW SOMETHING YOU DON'T?

They do. It's their job to know things first and then pass that information on to you fast. Things like new turf management techniques, effective methods of insect and weed control, what really works... and what won't.

LOOK FAMILIAR?

They should. You've seen them often at turf shows, seminars, conventions, wherever industry news is in the making. They're the editorial and sales management team of **WEEDS TREES & TURF**. Please meet (seated l. to r.) Ron Kempner, Bruce Shank, Dick Gore, and Maureen Hrehocik; (back row l. to r.) Bob Mierow, Kevin Cooney, Joe Kosempa, and Bob Earley.

THERE'S NO GRASS GROWING UNDER THEIR FEET.

They apologize for not always being in when you call, but great stories are found in the field, not in the office. These pros know the only way to really cover the green industry is to get out and be a part of it. From turf test plots in Oregon to the corridors of our Nation's Capital, they're following leads, surveying markets and interviewing the landscape

professionals who make our industry hum. Then, they use their years of experience to pull it all together, analyze it and present it to you in a crisp, easy-to-read and easy-to-use style. That way, you have the information you need to do your job better, faster and more effectively.

The next time you want to know something in the green industry, give them a call. If you can't reach them at the office, don't worry. They'll reach you in the pages of **WEEDS TREES & TURF**.
