Echo unveils new mid-range chain saw

Echo's new mid-range chain saw, the CS-440EVL, weighs just 11.2 pounds, yet packs a 44.3 cc single cylinder, two-stroke, air-cooled engine.

It features a double air filter to ensure long engine life and an excellent anti-vibration system so operators can work the saw longer with less fatigue. Other features include a diaphragm type carburetor, maintenance-free electronic ignition, and newly de-

signed guide bar with double spike bumper for extra protection. Echo markets complete lines of gas-powered chain saws, weed and grass trimmers, brushcutters, hedge trimmers, power blowers, and backpack sprayers.

Setting the Pace for Your Profits!

We jumped from the gate in 1984!

Now we're really **SETTING THE PACE FOR YOUR PROFITS**

... at the International Lawn, Garden & Power Equipment EXPO 85
 ... July 29-31 at the Kentucky Fair & Exposition Center in Louisville.

The savvy lawn & garden buyer will win by a mile at EXPO 85 with **more exhibitors... more variety... and more manufacturers** already planning to be at EXPO 85.

More exhibit space... 175,000 square feet of profitable ideas for you.
More outdoor demonstrations... with our unique 500,000 square foot outdoor demonstration field.

And you won't have to jockey your way around... we'll have **more shuttle busses, more hotel rooms, more food, more of everything** that made EXPO a sure-fire hit in 1984.

This is one trifecta you won't want to miss... **three days** of new products and new ideas **plus** seminars on motivating your sales staff, creating effective promotions, and knowing your customer to reach higher profitability.

Don't miss this industry-wide event! EXPO 85 is the place to be to set the pace for your profits. Use the coupon below for your free registration kit. For faster service, call us toll free at 1-800-558-8767 or telex 213131 KFEC/LVL.

Worksaver spreader an adaptable unit

A trailer-mounted seeder/fertilizer is now being offered by Worksaver. The TMES-3 spreader can be used with garden tractors, ATV's, golf carts, or pick-up trucks. The unit's capacity of three bushels can be increased to six or eight bushels with the installation of optional side extensions. An adjustable slide gate provides control of seed or fertilizer coverage. Dimen-

sions of the trailer are 60 in. wide and 60 in. long. It comes complete with two high flotation tires, clevis hitch, and battery box (battery not included). The seeder's 12-volt motor can also be wired into the vehicle's electrical system.

Buckner strengthens controller offerings

The M-12DD and M-24DD are Buckner's latest additions to its mechatronic family of controllers.

UNWANTED GRASSES IN BERMUDAGRASS AND HOW TO BOOT THEM OUT.

It may be a grass but if it grows where you'd just as soon it didn't, it's a weed. The tricky part is to kill it without killing your bermudagrass.

®SENCOR 75 Turf herbicide does the trick. It takes out goosegrass and annual bluegrass (*Poa Annua*), but leaves your bermudagrass alone.

Just apply SENCOR to your established, actively growing bermudagrass turf. Use it anytime, *before* unwanted grasses emerge or *after* they're showing.

SENCOR, applied to dormant bermudagrass, will take out most broadleaf weeds and, when tank-mixed with MSMA, will control crabgrass, barnyardgrass, and others.

SENCOR is hard on unwanted grasses and weeds, easy on bermudagrass.

Unwanted grasses, a serious problem with a serious solution. SENCOR. Always read the label before use.

The DD stands for double dual which makes programming flexible. Each station can be assigned to either program A or B, and each program has its own start time. By merely flipping a switch, program A or B is selected. There is no need to readjust each dial every time an irrigation schedule has to be modified.

The DD controllers also have the "Time Multiplier Switch" for seasonal adjustment. With 50, 100, and 200 percent settings, the time per station can be cut in half, remain the same, or doubled. LED indicators show which station is operating. The M-12DD and M-24DD have a combination solid-state and electro-mechanical components, and come

standard with lightning protection on the input and each output of the valves.

STOP GRUBS FROM THE FIRST BITE TO THE LAST GASP.

Grubs are a hardy breed. They're tough to prevent and even tougher to get rid of once they start chowing down on the roots of your turf.

One thing that puts them off their feed is *OFTANOL 5% Granular insecticide.

Another is new OFTANOL 2 Insecticide. It's a liquid formulation of OFTANOL, containing two pounds of active ingredient per gallon.

The nifty thing about OFTANOL, liquid or granular, is that it stops grub damage fast, even before it kills. After an application of OFTANOL, grubs stop feeding and the damage stops. Use it as a preventive, in the spring, or as a curative anytime grubs are a problem.

Grubs, one serious problem with two serious solutions. OFTANOL. Always read the label before use.

**OFTANOL.

**INTRODUCING
THE POWERFUL
NEW**

SCAG

**WALKING TEAM
SW-48-18 / SW-61-18**

You're looking at an engineering masterpiece — a truly new generation commercial walker. Available in either 48" or 61" cuts, it delivers performance unparalleled until now. From its 18 h.p. electric start engine to its gear drive (including reverse), the new Scag walkers add up to high productivity and low maintenance.

As with the Scag line of riders, ease of maintenance is designed into each unit. From its disc type steering brakes to its outstanding balance, it is a true operator's machine.

These new Scag walkers are the easiest handling, most efficient big walkers in the business — offered at a price you can live with long after the purchase.

See your Scag dealer for a "hands-on" demonstration or call us.
