

HAHN MULTI-PRO 44, IT WORKS. AND WORKS... AND WORKS...

Greens or fairways . . . the Multi-Pro 44 with its big high flotation tire to protect your turf, converts in minutes to a Sprayer, Spreader, Aerifier or Utility Bed. Designed for easy on, easy off switching and year 'round service.

This "crew" should be working for you

the sprayer . . .

160 gal. poly tank, 3-section boom for 18-1/2 ft. coverage. Spray with 1, 2, or all 3 booms. Fingertip control of all spray system functions.

the aerifier . . .

Hydraulically controlled from operator's position. Cultivates a full 42 inch width. Cleanly penetrates to 3 inches, depending on soil conditions. Optional Slicing Blades to open the soil with a minimum of turf disturbance.

the spreader . . .

Precise rate settings for a uniform pattern. Top dress sand in 12 to 20 ft. swath, apply seed, fertilizer and lime 20 to 40 ft. Up to 500 lbs. per minute.

the utility truck bed . . .

Reinforced steel, 1500 lbs. capacity. Converts to dump bed with addition of Hydraulic Package.

PRODUCTS

Brochures available through Lesco Inc.

A selection of printed forms and brochures designed for use by lawn care companies is now available from Lesco Inc.

Included are self-mailers designed for mass mailings to potential customers, application follow-up leave-behinds, and literature to increase extra-service business.

Forms designed to simplify and im-

prove customer communication are also available, as well as forms for in-house record-keeping and inventory control.

Doorhanger plastic bags and envelopes can also be obtained.

Airflight tilt trailers move gear the simple way

"Stay Tilt" is one of the features on Airflight Inc.'s new tilt trailer. This automatic hold-down latch eases loading of equipments.

The trailer comes in 5- and 6-foot-wide models and is 10 feet in length. It

has a 2,900-lbs. capacity. Stake pockets are located front, side, and rear. Optional city stake sides are available.

Airflight also offers tandem (no tilt) models up to 20 feet in length.

Stihl expands Magnum line of power saws

Stihl adds the 056 Magnum II and the 038 Magnum to its line. The 056 is the larger of the two at 5.7 cubic inches.

This big-power production saw accepts bar lengths from 16 up to 32 inches in both solid tip and Rollomatic versions.

It features a front-mounted, fire-safe muffler, and a new cylinder with larger porting.

A high power-to-weight ratio is the 4.4-cubic-inch 038 Magnum's strength.

Both models come with improved electronic ignitions and gear-driven, automatic adjustable oilers. Quickstop inertia chain brake system is a built-in safety feature of Stihl saws.

THIS TEST WON'T HOLD WATER —OR AIR.

Water passes easily through highly permeable Duon Weed Control Mat.

Just blow through Duon to see how easily air passes through it.

The proof is stronger, longer lasting plants with **DUON**[®] Weed Control Mat.

Both water and air pass easily through Duon Weed Control Mat, made of Phillips Fibers non-woven polypropylene. As a landscaper, you know how important that is to a plant's root system and to the future well-being of your big landscape jobs—especially those you use as references.

When water and air can't get through, plants die. Black plastic won't work for the long-term. And woven polypropylenes are nowhere near as permeable as nonwovens. For example, the air permeability for nonwoven Duon is about 14 times greater than for woven polypropylenes and the water

permeability for Duon is about 10 times greater.

Put our words to the test. Hold Duon under running water, then take another piece and breathe through it. Then try the same test with a competitive weed control mat.

When covered from sunlight, Duon is virtually permanent. It allows plants to thrive and impedes about 95% of weed growth (in most areas). It also keeps mulch from going down into the soil.

For your quality landscape jobs, order Duon. For further information, call Phillips Fibers (803) 242-6600.

NEW JERSEY TURFGRASS

CONFERENCE

1985

Alive
In
'85

**Resorts Int'l.
Atlantic City, NJ
Dec 2-5, 1985**

The Annual Turfgrass Educational Conference and Trade Show, sponsored by the New Jersey Cooperative Extension Service in cooperation with the turfgrass research and teaching programs at Cook College - Rutgers University and the New Jersey Turfgrass Association offers More in '85. Sessions will include: Workshops (Computers, Insects, Weeds, Motivation) and lectures by recognized authorities on the establishment and maintenance of turf on golf courses, athletic fields, lawns of various types and use of sod. The Trade Show will feature the latest technology in turfgrass equipment, irrigation and products.

Reserve the date, plan to attend and participate in this exciting annual Turfgrass Conference. Complete program details and registration forms available October 1, 1985. For information contact:
