**Anchor turf covers
and sod the fast,
easy way.**

ANCHOR IT!

**Save Time, Money
and Back-Breaking
Labor.**

- Firmly anchors sod & turf covers — even on steep slopes.
- Sturdy cast aluminum construction is lightweight for easy use (weighs approximately 10 lbs.)
- Holds up 50 anchoring staples.
- Steel staples may be removed from the ground at a later date or left in place. Staples will rust away with time.

Anchor It can save enough time by speeding up your anchoring operation to pay for itself in a very short time — and make your work easier as well.

Anchor It works fast... **Anchor It** holds fast.

hold lawn trimmers.

The stand, which comes in five models, has quick-acting, vinyl-coated, spring-loaded clamps suited for assembly, servicing and adjusting lawn trimmers.

A simple locking lever system allows for complete rotation of the trimmers. The stand is zinc-coated for good appearance. Models include a regular and deluxe floor model, a regular and deluxe bench mount and a wall mount.

Diesel-powered tractors have many applications

Massey-Ferguson has introduced four new compact tractors to meet the increasing demand for diesel-powered tractors under 40 hp.

The 1000 Series tractors include the 21 hp 1020 Hydro, the 1030 at 26 hp, the M-F 1035 at 31 hp and the 35 hp

1045. (All horsepowers are manufacturer's ratings.)

The new models replace the old 1030 and 1040 compacts, and join the current M-F 1010, 1010 Hydro and 1020. Each tractor is available in either two or four-wheel drive.

Applications include light construction, lawn care, gardening and landscaping.

Pre-emergence herbicide controls broadleaf weeds

Chipco Ronstar 50 Wettable Powder from the Agrochemical Division of Rhone-Poulenc is now available from turf and ornamental chemical distributors.

The pre-emergence herbicide, registered earlier this year by EPA, has a long residual for control of goosegrass, crabgrass and other broadleaf weeds. Ronstar 50 WP is a companion product to Ronstar Granules pre-emergence herbicide. The

addition of the powder gives turf grass managers and nurserymen the option of either spraying or applying dry granules.

Portable field scope cuts slide-making

The Macroscope 18-36 Zoom from RF Inter-Science, Huntington, N.Y., a wide field zoom macroscope, provides variable magnification of 18 to 36 times, and a positionally correct image in a field-usable unit.

The unit's construction ends the need for slide preparation. It can be

used on the hood of a car or a flat rock.

The roof prism optics provide a bright image with ordinary ambient light in most situations. For low light areas, field usable lighting accessories such as a battery-powered light table or a penlight clip, are available.

Using the Macromate I, the Macroscope 18-36 is adaptable to 35mm

SLR cameras, permitting photomicrography at 18 to 36 times magnifications in the field at a nominal cost without elaborate set-up.

The unit has a measuring reticle calibrated in both inches and millimeters enabling measurements to about 0.001 inch.

Circle No. 197 on Reader Inquiry Card

Sprayer is designed for difficult areas

The 200-052, 12 volt ATV sprayer from the Westheffer Company, is designed for hard-to-reach trees and turf areas.

The sprayer features a 12-gal. corrosion-resistant poly tank, a 12-volt

diaphragm pump, a pressure gauge and a heavy-duty toggle switch directly behind the operator's seat.

A handgun and hose assembly facilitates tree and shrub spraying, and a spray boom for turf covers an 80-inch spray swath.

TURFCO BANTAM

Sod-Cutter

- Cuts up to 5,000 sq. ft./hr.
- Cutting widths 12", 15", 16" and 18"
- Variable depth's 1/4" to 2 1/2"

As well as cutting new sod the Bantam is ideal for cutting dead, worn or weed infested turf and preparing the ground for installation of new sod. The design incorporates full complement of adjustment for blade depth and angle to meet the demands of different applications. The Bantam now features a 8HP Industrial/Commercial (I/C) engine.

NEW 10 GALLON WS-490 MOTORLESS LIQUID CHEMICAL SPREADER

The 10 gallon Greens Wheelie is the most accurate and trouble-free liquid applicator manufactured. It features a motorless, ground-driven pumping system which does not require gasoline, batteries, cords or water hoses. It was designed for professional grounds maintenance on golf courses, parks, institutions and cemeteries.

The Greens Wheelie is used to apply liquid fertilizers, herbicides, fungicides, insecticides and growth regulators. It is equipped with large easy-to-push pneumatic type tires and a large 10 gallon tank with a wide mouth lid for easy filling.

The twin wheel pumps spray a fan of solution 6' wide, with an overlap at the center, at the rate of 1000 sq. ft. per gallon. The spray pattern is delivered from 2 nozzles in the form of tiny droplets providing a steady, uniform application which greatly reduces costly chemical drifting. The shut-off controls, located on the handle grips, allow the operator to regulate the nozzles independently.

Corrosive resistant materials are used in the construction of the shut-off valves, pumping system and the 10 gallon tank allowing the use of chemicals which are harmful to traditional liquid applicators.

The WS-490 Greens Wheelie delivers chemical applications which are relatively unchanged by the speed at which the sprayer is pushed. The faster it is pushed, the faster it pumps. When the operator stops, the sprayer stops pumping. (Other models and sizes available.)

BEFORE WE DEVELOPED THESE PROBLEM-SOLVING TURFGRASS MIXTURES, WE MARCHED THROUGH ACRES AND ACRES OF PROBLEMS.

Nobody knows the troubles we've seen. Our Northrup King turf specialists and researchers have hoofed through salt problems, soil compaction, disease, starved turf, baked turf, cleated-to-shreds turf, and dormant winter turf—all depressing sights. But it was a road well worth our travels.

The result is a complete line of Medalist® turfgrass formulas that meet the demands of the professional turf manager.

If you've been staring down at a turf problem, look up your solution here. And if you think it's a turf problem we haven't seen, just let us know.

Our business is putting your problems behind us.

| MEDALIST TURF PRODUCT | MAJOR AREAS OF USE | SPECIAL FEATURES |
|-------------------------------------|------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------|
| Athletic Pro and Athletic Pro II | For athletic turf. | Well suited for new seeding or overseeding. Fast establishing, traffic tolerant, rapid recovery. Both provide good footing. |
| Boulevard Mix | Any area with high pH (roadsides, sidewalks, boulevards, alkaline soils, etc.). | Contains 'Fults' and Dawson red fescue for beautiful salt-tolerant turf. Performs at low to high fertility levels. |
| Landscape Pro Mix | School grounds, cemeteries, golf course roughs, home lawns. | Establishes fast. Adapts to broad range of conditions and management levels. Low to moderate fertility needs. |
| Overseeder II Mix | Fairways, tees, athletic fields. | Rapid germination and establishment. Withstands heavy traffic and resists diseases. Penetrates compacted soils. |
| Medalist North Mix | Fairways, tees, cart paths, wear areas. | Quality turf for high traffic areas. Clean mowing and disease resistant. |
| Premium Sod Blend | Commercial sod production. | Exceptional dark green color. Tolerates light shade. Superior disease resistance. Rapid sod producer. |
| Renovator Pro Mix | Problem solver for heavy traffic areas (athletic fields, golf tees, and fairways). | Penetrates compacted soils and combats <i>Poa annua</i> . Adaptable to most geographic regions. |
| Medalist Brand Overseeding Products | Winter overseeding of dormant bermudagrass. | Establishes rapidly and evenly. Tolerates traffic while providing a superior putting surface. Smooth spring transition. |

Ask your Northrup King distributor about Medalist Turf Products to solve your turf problems. Or write Northrup King Medalist Turf Products, P.O. Box 959, Minneapolis, MN 55440.

The City That Works Works With Woods

There's a lot of grass to mow in the Windy City, and Chicago's Park District uses rugged Woods mowers to help them cover a lot of ground.

But Woods mowers aren't designed just for large areas. In fact, we make mowers that cut swaths from 3 1/2 feet all the way up to 20 feet. Plus, we offer more rearmount and undermount models than any other manufacturer of tractor-powered mowers. New tractors or old, domestic or imported, Woods has a mower to fit the tractor and the job.

Send for complete specifications on the dependable line of Woods mowers today.

for 34 years the name to remember for quality and performance

Landscape Exposition

THE SECOND ANNUAL LANDSCAPE EXPOSITION

MARCH 3-5, 1987

O'HARE EXPOSITION CENTER, ROSEMONT, ILLINOIS

THE RIGHT STUFF FOR LANDSCAPE PROFESSIONALS

If you're a landscape professional looking for the 'right stuff' to operate more effectively and efficiently in the future, look no further. Landscape Expo has it. **In fact, we are the established national forum for landscape professionals.**

Over 225 national manufacturers of power equipment, chemicals, fertilizers, seeds and irrigation systems will be on display. See new equipment, products, supplies, and services that will enhance your operation, make you more efficient and increase your bottom line. Choose from over 30 conference sessions and workshops that explore the critical business challenges facing green industry professionals. Learn practical, hands-on management, marketing and technical skills and strategies you can put to use immediately.

Landscape Expo has the active support of the industry's leading associations:

- THE PROFESSIONAL GROUNDS MANAGEMENT SOCIETY
- THE ASSOCIATED LANDSCAPE CONTRACTORS ASSOCIATION
- THE PROFESSIONAL LAWN CARE ASSOCIATION OF AMERICA
- ILLINOIS LANDSCAPE CONTRACTORS ASSOCIATION.

Landscape Expo is in the right place too.

O'Hare Exposition Center in Rosemont, Illinois is convenient to airports, major highways and is close to the sights and attractions of Chicago. O'Hare is at the heart of an area with over 16,000 landscape professionals within 300 miles.

Join your colleagues at the Second Annual Landscape Expo, March 3-5, 1987, O'Hare Exposition Center, Rosemont, Illinois. You'll come away with the right stuff.

Take advantage of the best offer you'll have in 1987: to be part of the year's most exciting marketplace. Call or write now for more information.

Produced and Managed By:  HBJ EXPOSITIONS & CONFERENCES

Sponsored By: *Weeds Trees & Turf* and *Lawn Care Industry Magazines*
