# TECUMSEH SNOW KING ENGINES HAVE WINTER STARTING DOWN GOLD

+10°  
0°  
-10°

Snow King Engines . . . breaking the trails where others follow in snow thrower power. Maintaining a well-earned reputation for starting and performing which began in 1895 with the first "Frost Kings". Now better than ever for 1987-88, the Snow King line extends from 1.8 horsepower

through the brawny 10 horsepower HMSK100 and every horsepower between. A full range of options such as effortless 110 volt electric starting and lighting alternators for night emergency snow removal. Tecumseh SNOW KING engines . . . better right from the start.

# GET SERIOUS ABOUT HYDRO-MULCHING

Bowie Industries invented the Hydro-Mulcher.<sup>®</sup> And whether you specialize in large or small projects, Bowie makes a Hydro-Mulcher that will save you money. The Bowie Victor 800 is ideal for lawn and landscape jobs.

service. Its 800 gallon tank can easily spread 350 pounds of mulch over 8,000 square feet in one application. The Bowie Victor 800 is equipped with a built-in shredder bar, and uses twin agitators

to keep slurry homogeneous. Call or write Bowie today. We make serious equipment for serious landscapers.

Like all our equipment, the Victor 800 is built Bowie tough for long, trouble-free

“Let **Blazon™** take the guesswork out of spraying!”

That's right! All of us have seen it before — that unacceptable area in our fairways or lawn. Just as important, an area where chemicals have been over-applied and a burned condition exists, and that can mean extra work for you. ❑ It's difficult to spray accurately and consistently on golf courses because every golf course is made up of countless slopes, contours, and bends. But with Blazon™ Spray Pattern Indicator you can take the **guesswork** out of spraying, **forever**. ❑ All you do is add Blazon™ right to your spray tank; it's totally compatible with the chemicals you use. It reduces lost time by quickly identifying a clogged nozzle, untreated or overlapped areas. In addition, Blazon™ is temporary and non-staining. ❑ Blazon™ Spray Pattern Indicator is the **new solution** to a never-ending problem. So contact the distributor nearest you for the product that has taken an art and turned it into a science—“**The Professional Solution for Professionals**”...

**Blazon™**

**SPRAY PATTERN INDICATOR**

Milliken Chemical congratulates LANDSCAPE MANAGEMENT on it's new name.

## Take Aim on Crabgrass and Goosegrass with

### ACCLAIM!® 1EC Herbicide Brings High Technology Down to Earth!

Acclaim is the only truly selective postemergence herbicide that eliminates warm season grassy weeds in cool season turf grasses.

### New Chemistry for Superior Performance!

Acclaim translocates from the site of contact to the heart of weed growth – cleanly decomposing the entire weed after 21 days. Acclaim has no residual soil effect, and avoids the turf injury problems associated with other postemergence herbicides.

### Reseeding and Mowing Convenience!

Fescues and ryegrass can be overseeded immediately following Acclaim application. Bluegrass can be overseeded after 21 days. And mowing just 24 hours after Acclaim application won't reduce efficacy.

### Great Turf Deserves Acclaim!

As a professional, you take pride in having and maintaining lush green turf throughout the season. Acclaim can help you get the acclaim you deserve!

**For information, contact your distributor or your local Hoechst-Roussel Agri-Vet Company representative.**

### One Application Does It!

When applied thoroughly to non-drought-stressed grassy weeds from 3 leaves to 3 tillers in size, chances are once is all you'll need!

**Apply to** fine or tall fescue, perennial ryegrass, and Kentucky bluegrass.

**Take Aim on** crabgrass, goosegrass, barnyard grass, foxtail species, Panicum species and Johnson grass.

# The Growing Choice

## Hydrograssers & Power Mulchers

- Low Maintenance Design
- Dual and Quad "Hydro-Jet"
- Agitation with Verticle Homogenizers
- High Speed Mulch Grinder
- No Clog Mulch Chamber
- Direct Drive

Reinco Hydrograssers and Power Mulchers offer you the dependability you need because they are designed with the operator in mind. Our Hydrograssers range in capacity from 800 to 3500 gallons and feature easier to maintain "Hydro-Jet" agitation. Reinco Power Mulchers utilize time-proven straight through drive while the M80C offers as standard a variable speed automated bale feed system.

# Back To Basics . . . Introducing The 1988 CL Series

## New for '88

- Economical, "No Frills" design
- Available in 50", 60" and 72" cut
- Famous Kut-Kwick durability and safety

The CL Series is for Commercial/Lawn Users. Superior performances in both rough cut and refined mowing, at speeds to 11 miles per hour. Hydrostatic propulsion, 20 HP engine, low center of gravity, rear discharge "clamshell" deck, vertically articulating rider and big 23" steered wheel combine for added safety, operator comfort and control. The "CL" gives the commercial user a tough, low maintenance machine that mows better at top speed in either refined or rough conditions than other mowers at half the speed.

**Kut-Kwick. More than forty years of experience building commercial mowers for professional users.**

# LANDSCAPING WITH

The new John Deere AMT™ 600 "All Materials Transport" treads so lightly, it'll barely bend your bent grass.

That's because even with a 600 pound payload and a 200 pound operator on

board, the AMT only puts down an average of 17 psi of ground pressure.

And its automotive-type differential allows the inside wheels to

*The 48¼ x 43-in. box manually raises to a 45 degree angle.*

turn slower than the outside wheels. So the AMT won't tear up your turf turning either.

But for all the features that won't leave a bad impression on your turf, there are even more that'll leave a good impression on you.

Like the way the AMT's

# OUT LANDSCUFFING

powerful 8.5-hp drive system provides a 62-to-1 torque ratio for tremendous pulling power.

Or the way its box holds 12.5 cubic feet of material—and manually tilts too.

So if you're looking for a utility machine that won't sink into your landscape or

your budget, see your John Deere dealer. Or write John Deere, Dept. 84, Moline, IL 61265.

Nothing Runs Like a Deere®

1837-1987

150

*AMT 600 transports easily in a standard size pickup.*

**SAFETY**  
live with it

# Sweeps What Others Miss

...also scrubs, removes snow

## Heavy-duty TENNANT® 275

Exclusive II-SPEED™ sweeping with unsurpassed pick-up! Use standard speed for debris from sand to bricks and get up to 1/3 longer brush life than competitive makes. Switch in seconds to high velocity for light litter, paper, pine needles. Sweeps 53" path. 2-year/2,000 hour factory warranty (except normal wear items).

## Converts to scrubber in minutes

Covers 50" path, 50,600 sq. ft./hr. Twin high-speed brushes with aggressive scrubbing action remove spills, stains, and soilage. Applies solution, scrubs, and picks up in one pass, leaving floors clean and squeegee-dry. Twin 20 gallon tanks hold 40 gallons solution.

## Changes into snow remover in less than 20 minutes

Just add snow plow or broom attachment. Plow windrows snow right or left from 60" path. Broom cleans snow up to 63,000 sq. ft./hr. Clears snow quickly from sidewalks, driveways, parking lots. Rent, lease, or time-purchase plans available.
