

THE PROVEN PROFIT-MAKER.

Get ready to profit from fall lawn renovation with the LESCO Renovator 20. It's the easy-to-operate slicer/seeder

with built-in maneuverability and proven performance.

Powered by an 8-HP Honda engine, the LESCO Renovator 20 features exclusive hydraulic drive with 0 to 2 mph forward speed control.

Spring-loaded reverse gives the unit greater maneuverability in tight areas and simplifies trailer loading and unloading. A compact low-profile

design provides excellent hillside stability.

Last year, the renovator supply did not meet demand. It could happen again. Prepare now to profit this fall. Order the proven profit-maker today.

We're ready to deliver. Contact your LESCO sales representative, visit the nearest LESCO Service Center or call toll free (800) 825-3726.

Lightweight production mowing isn't just for golf courses.

The new Jacobsen HM-11 combines proven, quality lightweight mowing with a versatile 4-WD design to deliver a beautiful fairway-like cut in places that might surprise you.

Roughs, parks, universities, cemeteries . . . virtually anywhere you've always wanted a beautiful cut and high productivity, the versatile, high-capacity Jacobsen HM-11 delivers.

On-demand 4-wheel drive, a wide-track stance and powerful diesel take the HM-11 up challenging slopes that are too much for 2-wheel drive competitors.

Five heavy-duty 30" reels sweep through demanding schedules with an 11' cutting width. Just a touch of your toe lifts and lowers all reels simultaneously for more efficient cross-cutting. And you can get into those tight spots by mowing with 3-, 4- or 5-gangs.

Fixed or floating, our unique heavy-section reels hug the ground in all types of grass, for a smooth cut at higher mowing speeds and

better thatch control. Your choice of tough Jacobsen 6- or 10-blade reels, and high-speed or high-torque hydraulic reel motors match the HM-11 to your specific conditions. Plus, the fully programmable console—with cruise control—maximizes productivity.

Excellent maneuverability increases its versatility. Compact design and rear-wheel power steering make the HM-11 more agile and easy to operate. With a compact 70" transport width, even narrow paths and bridges won't stand in its way.

For quality mowing at $\frac{3}{4}$ " and above, nothing else comes close. And for tournament-quality fairways at less than $\frac{3}{4}$ ", Jacobsen leads the way again with the unique, up-front design of the LF-100.

To see either of these lightweight wonders in action, contact your Jacobsen distributor for a complete demonstration. Lease and finance plans available.

KUBOTA HAS THE MOWER IF YOU'RE SO INCLINED.

It doesn't have to be an uphill grind. Not with Kubota's F2400 Front Mower. Four-wheel drive delivers traction where you need it most—on uneven, slick or damp ground. No more wheel-spinning means no more turf damage.

If you're up against one tough obstacle course, there's rear-wheel steering and independent brakes. Together, they provide the tightest possible turning radius.

© 1988 Kubota Tractor Corporation

Then for your mowing comfort, there's our famous clutchless hydrostatic transmission, as well as power steering and tilt-wheel.

Attachments? You can choose from a 60" or 72" rotary mower, a flail mower, rotary broom, front blade or snowblower. Even a grass catcher with 60" and 72" dumping heights. Of course, they're all lifted hydraulically. Effortlessly.

And its powerful, economical

24hp diesel engine will leave you wondering why anyone would own anything less. So if you've got the inclination, just write for our free Grounds Maintenance Equipment Guide at Kubota Tractor Corporation, P.O. Box 7020-A, Compton, CA 90224-7020.

ANOTHER TURN FOR THE BETTER

Ransomes out-maneuvers the competition. Again. With the new T-3100 Bobcat (our idea of a great machine). Hydrostatic drive eliminates bothersome clutching and shifting. Just effortless forward and reverse control from a single foot pedal. And a three-wheel ride means precise turns for close trim work. If you think all this makes the T-3100 expensive, forget it. It's the most affordable commercial rider in its class.

The new T-3100 Bobcat from Ransomes.
Where else would you turn for great ideas?

For more great ideas, turn to your Ransomes distributor. Or, call Ransomes, Inc., One Bob Cat Lane, Johnson Creek, WI 53038, (414) 699-2000.

RIDE A WALKER

Discover Fast, Competitive, Profitable Mowing

Most commercial mowing operations are using walk-behind mowers because they have concluded no rider mower is compact or maneuverable enough to mow landscaped areas. Now maintenance operators all across the country are discovering the compact, maneuverable *Mid-Size Walker Mower* fits their job and saves labor (usually cuts labor 1/2). The labor saving *Walker* looks good whether your business is trying to produce profit or is operating on a budget. Write or call for a free brochure. Ask for a demonstration.

Walker Manufacturing Company, 1839 East Harmony Road, Ft. Collins, CO 80525 • 1-800-777-0356

Don't let profits wither...

...Plant it right the first time.

Call-backs can be costly, and aggravating. Lock moisture in the plant and increase plant survival—use FOLICOTE® transpiration minimizer.

FOLICOTE reduces transplant shock and transportation stress by limiting foliar moisture loss. And FOLICOTE protects established plants from winter damage caused by sun or wind and summer drought conditions.

FOLICOTE is a wax emulsion transpiration minimizer that reduces moisture loss by partially blocking stomates, without interfering with plant growth. When used as directed, FOLICOTE has been proven effective and non-phytotoxic on a wide range of plants.

EASY & ECONOMICAL TO APPLY

FOLICOTE mixes easily with water and stays mixed. It forms a thin, natural-looking waxy layer on foliage. And it cleans out of spray equipment with warm, soapy water.

At a cost of about \$0.87 per finished gallon (including surfactant), FOLICOTE costs about half as much as its nearest competitor.

Consider offering your customers an economical FOLICOTE summer or winter protection application.

Apply FOLICOTE when shipping, transplanting and protecting... it adds up to greater profits for you and customer satisfaction. Can you afford to plant without it?

Ask your distributor about FOLICOTE, or call us.

VERTI-DRAIN®

Works like a pitchfork, only better!

It's amazing how simple the principle is and how well it restores severely compacted turf. Greens, fairways, sports fields—anywhere you want to promote better root structure.

Our deep tine aerators go deeper than any others—10", 12" up to 16" deep. And our patented process that shatters and lifts the turf like a pitchfork can't be duplicated. That's why world-wide VERTI-DRAIN is the recognized leader. See it for yourself.

Call or write for our free literature, videotape or a demonstration near you.
