

Surflan. Roundup. Mix them together, and you've got control that knocks weeds down and keeps them down. Three times longer, in fact, than Roundup alone.

That's what landscapers all across the country are now finding. They are getting better weed control and more satisfied customers. And they're saving time and labor costs because they're applying just once.

With a Surflan/Roundup tank-mix, you get complete control of over 50 different weeds—including such tough species as crabgrass, barnyardgrass, chickweed, spurge, johnsongrass and

foxtail. And Surflan won't harm your nearby landscaped areas, either. It works with little or no lateral movement.

Join the growing list of satisfied users. Add Surflan to your Roundup and stretch your weed control three times longer. See your Elanco distributor for Surflan. Or call toll-free: **1-800-352-6776**.

IN LANDSCAPING AND HORTICULTURE WHOEVER

OWNS THE MOST MAKES THE MOST.

RIGHT?

WRONG.

Use, not ownership, creates profit.

You don't need to be an accountant to know that *owning* assets does not create profit . . . using them may.

In fact, your accountant might tell you that leasing may be the most cost-efficient financing source available today.

So if you're interested in a financing alternative that may provide you with tax advantages and that may improve your cash flow, consider these additional benefits of Agri-Lease® by Telmark®:

No down payment—Enjoy most of the advantages of

ownership without tying up your working capital in large, initial down payments.

100% tax deductibility—In most cases, Agri-Lease payments are fully tax-deductible busi-

ness operating expenses.

Bank/credit lines remain open—By using Agri-Lease to obtain what your business needs, you can keep your existing credit lines intact . . . and readily available.

If you want to know more about the financial benefits of Agri-Lease by Telmark . . . and how they may apply to *your* business . . . mail the coupon today.

NO MATTER WHO WINS OR LOSES AT SOLDIER FIELD, WE GET TRAMPLED.

You've got to be tough to
win at Soldier Field.

A classic battle was fought
over this turf. When the
dust settled, Chicago picked
Medalist.

The lakefront home of
Chicago's rugged Bears is now
covered with a dense, beautiful premium
blend of Trenton, Rugby, Glade and Aspen
Kentucky Bluegrasses. All top-quality turf-
grasses from Northrup King.

It's a proven performer
that stands up to the re-
lentless pounding. Bounces
back strong week after week.
And resists the attacks
that can end the season
for less hearty performers.

Just being
pretty doesn't cut it in Chicago.
So tune in. You can now watch
the Bears stomp on one of the
nation's best.

Why The Grass Is Always Greener At ServiceMaster.

Last year, revenues for the lawn care industry as a whole grew 15%.

Revenues for ServiceMaster LawnCare grew a whopping 77%! Over five times the industry rate.

Obviously, we must be doing something right. And we are.

For one thing, ServiceMaster is one of the few lawn care companies able to provide truly *customized* treatment to every customer.

Customized treatment.

We specially design our own trucks and equipment so you can individually tailor your treatment to each lawn.

For another, we provide complete training and back-up support. Programs like discount purchasing. A 1-800 hot line for special agronomic

questions. Year-round marketing support that will help you get business even in winter.

Over 90% of our ServiceMaster franchises are still going strong after three years. This year, in fact, *Fortune* magazine named us No. 1

Partners in the ServiceMaster Quality Service Network.

ServiceMASTER. TERMINIX. merry maids.

Revenues for ServiceMaster LawnCare grew over five times the industry rate.

for return on equity in their ratings of the 500 top service companies in America.

So if you're looking for the right opportunity to start your own lawn care business, you simply can't find a company with a more consistent record for success.

If you qualify, you could get started in a ServiceMaster LawnCare franchise for as little as \$7,000 plus additional working capital.

You can start out while still keeping your regular job if you wish.

**The National Arbor Day Foundation
Urges You to Plant Trees to Fight
the Greenhouse Effect**

The Earth is heating up. "The Greenhouse Effect," says James E. Hansen, Director of NASA's Institute for Space Studies, "is here... it's time to stop waffling."

A sharp increase in atmospheric carbon dioxide (CO₂) is a major cause. Two things contribute — the burning of fossil fuels and the destruction of forests.

You can make a difference. Trees you plant may be our best line of defense. Trees can shade your home in summer, and slow winter wind. While your trees absorb CO₂, they also reduce the amount of fossil fuel burned for cooling and heating.

As a result, your trees can be as effective as 15 forest trees in fighting the Greenhouse Effect.

Free Booklet. The National Arbor Day Foundation has published a guidebook titled *Conservation Trees* which will show you how to plant and prune shade trees and windbreaks.

I'm pleased to offer it to you free of

charge. Just return the coupon below and I'll send your *Conservation Trees* booklet by return mail.

WHAT HAPPENS TO YOUR REPUTATION WHEN YOU SPECIFY MULCH?

Specifying bark or mulch as a ground cover might seem like a bright idea at first. But soon as the cover starts to decay and deteriorate, the brilliance of your original design begins to fade. That's why you should insist on FloweRock®, a natural volcanic stone that retains moisture, insulates the soil and enhances weed control while fully maintaining its beautiful earth tones. Find out how FloweRock can help your reputation for quality endure. Contact your nearest distributor, or call Colorado Aggregate at 1-800-528-2765 or 1-719-589-4925 (in Colorado).
