**“My crew likes the way
our Hustlers ride,
but I love the way the
Turbo Shredders mow.”**

Driver comfort is more than just a soft seat. Hustler drivers sit directly over the mower's pivot point. That means you don't experience the carnival ride motion you feel on rear steer and sulky mowers. The result is greater productivity and safety, and less operator fatigue.

Learning to operate the Hustler is easy. One hand is all it takes to maneuver a Hustler around any obstacle. Twin-lever controls are far less complicated than a steering wheel, gas, clutch, and brake pedals, and gear shift. You can have anyone mowing like a pro in minutes, even if they've never operated commercial turf equipment before.

Hustler Turbo Shredders save time, labor and money in clippings pick up. Shredded clippings reduce the need to bag while returning valuable nutrients to the soil. And the finished job will keep even the most finicky customers smiling.

Buy Hustler for simple operation. For operator comfort, quality cut and unmatched maneuverability, you can't out-mow a Hustler. Call Excel toll free for a **FREE** Product Guide, or see your local Hustler dealer today.
