3 EASY MINUTES. NO REWORK. GUARANTEED.

You plant a lot of trees in a year. So why mess around with twine, rope, burlap and wooden stakes?

Your crews can support new plantings in as little as 3 minutes each — for only a few dollars more per tree — with a system that's stronger, safer and looks a lot better than staking.

DUCKBILL® Total System tree support kits are ideal for all trees. With them, you eliminate making-do with odd stakes and the hassles of re-staking. You'll get the professional appearance you want for your projects. Kits feature the advanced DUCKBILL earth anchor, with strength-matched, pre-assembled hardware and galvanized steel cable — bare or vinyl-coated for high visibility.

Give your trees the best fighting chance to survive. And save time and money. Call toll free for the dealer nearest you or for details on DUCKBILL tree support kits. They're the top choice of professional landscapers.

Here's proof that Typar Pro Landscape Fabric is easier to install.

We cut this piece of Typar® Pro Landscape Fabric to show what you can't do with the others.

Like cut quick slits for plants to pass through. Or fast curves that follow landscaped contours.

Typar is easily cut, lightweight and less bulky. So it's faster and cheaper for you to install.

And it's surprisingly tougher. With rugged polypropylene fibers that resist tearing, even under stones, gravel, patios and sidewalks. Typar is also porous, so air, water and nutrients can pass right through. Your landscaping projects

look healthy as well as handsome.

So save time and labor while you control weeds, drainage, soil erosion, and heaving of walks and patios.

Get Typar Pro Landscape Fabric. And start cutting corners the easy way.

ADD MUSCLE TO YOUR WORK FORCE, GET A BIG BOSS

The term "labor-saving device" might have been coined to apply to the Polaris Big Boss. It's your worker of choice when human hands, arms and backs aren't quite enough, but a pickup or dump truck is too much. And it's a terrific recreational vehicle as well, able to haul an entire campsite in a single trip, or supply a remote hunting cabin with food and equipment for a week. For farms, construction

sites, back yards, or the back woods, a Big Boss gives you the extra strength you need to do what needs to be done.

Warning: ATV's can be hazardous to operate. For your safety: Never carry

passengers, avoid excessive speeds, and be particularly careful on difficult terrain. Polaris ATV's may not be ridden by people under 18 years of age. Polaris recommends that all ATV riders take a training course. For safety and training information, see your dealer or call Polaris at 1(800)328-9975. (In MN, 1(800)247-6670).
