SUMMER PATCH CONTROL OFFER

P.O. Box 4913

Kansas City, MO 64120-0013

Experts recommend combining a proven fungicide with smart cultural practices to create a summer patch prevention program.

If you think that's sound advice, then call for our free audio tape and brochure.

Each outlines a summer patch program that includes everything from identifying the causes to managing susceptible areas.

Also, they tell you a little bit about BAYLETON 25 Turf and Ornamental Fungicide. For ten years, you've seen what it can do for dollar spot and many other diseases. Now discover how well it performs in a summer patch program.

For your free tape and brochure, call 1-800-842-8020. Or write Miles Inc., Specialty Products, Box 4913, Kansas City, MO 64120.

After all, summer patch control today requires that you use your head. And what better place to start than with your ears.

P.O. Box 549 NITRO, WV 25143 or call your local dealer.

Ask for Gustafson Apron[®] before you seed

UNTREATED

TREATED WITH APRON

or you may wish you had later

Start your turf right. Plant seed treated with quality Gustafson seed treatments.

Gustafson, the worldwide leader in seed treatment technology, offers a variety of Apron fungicide formulations to help your turf start fast and healthy.

Gustafson Apron protects against *Pythium* damping-off and seedling blight during the critical first weeks of the growing season. The early season plant health you get with Gustafson Apron helps produce an improved root system, better emergence and more plants per square foot.

You'll see turf emerge faster, thicker and greener, and look good all season long. That's a lot of benefits for just a few pennies per pound of seed.

Apron can be used when you're seeding new turf, re-seeding or over-seeding. And it's effective on ALL types of turf and forage grasses.

Ask your chemical supply dealer for Gustafson Apron, including Apron-FL, Apron 25W and Apron Dry for hopper box application.

Gustafson 

P.O. Box 660065 Dallas, Texas 75266-0065 (214) 985-8877

Always read and follow label directions.

Gustafson (logo) is a Reg. TM of Gustafson, Inc. Apron is a Reg. TM of Ciba-Geigy.

We were going to tell you lower-priced Roundup® gets more done for less.

But our customers said it better.

During a recent survey, we asked our customers for new ways they could use the time- and cost-savings of lower-priced Roundup® herbicide. After 2,361 responses like these, we realized we couldn't say it better.

"Best product since the shovel. Creates a clean landscape and makes my good job look better."

- **Orin Tidyman**, Supervisor
T & S Services, Germantown, WI

"We are going to expand a city-wide program to control vegetation growth on 75 miles of streets and sidewalks with Roundup."

- **H. Layton Paul**, Public Works Director
Thomasville, NC

"After treating with Roundup one time, I eliminate the use of a weed-eater all season."

- **James Rhoden**, Superintendent,
Deerfield Country Club, Weston, WV

"It eliminates trimming totally. No more hand weeding. Thanks."

- **John A. Lucas**
President, Lakes Region
Landscaping, Inc.
Laconia, NH

"My lawn mowing crews carry Roundup pre-mixed in a spray bottle, so they can treat grass and weeds in crack-n-crevice."

- **Mark Davis**, Owner, AAA
Yard Care, Spokane, WA

"We just did a job for the airport and I didn't have to go back to see if it worked. Roundup always does."

- **Patricia Ann McCurry**
Owner, The Lawn Dr
Lawton, OK

"I really appreciate the lower cost of Roundup because it helps me hold the line on my contract jobs."

- **Rusty Holt**, Owner, Property
Management Services, Greensboro, NC

"We use Roundup to trim around trees and prevent damage from line trimmers. This saves labor and money, not to mention trees."

- **Slade Strickland**, Director of Parks Recreation and
Landscape Development, Addison, TX
