

America's Number One Natural Organic Fertilizer

Milorganite has been growing beautiful lawns, trees, shrubs and flowers since 1926.

- Many of the finest golf courses in America are fertilized with Milorganite.
- Non-burning, cost effective, turf fertilizer.
- Supplies humus and improves water holding capacity of soils.
- Rich in organic iron — 4% minimum guaranteed.
- 90% Water Insoluble Nitrogen (W.I.N.), slow release nitrogen promotes vigorous growth and is resistant to leaching into the groundwater.
- Great starter fertilizer. Provides good foundation for seed development.
