## INFO CENTER

**Useful literature and videos for LM readers** 

**MEDICAL LEAVE...** The American Association of Nurserymen, in cooperation with the Small Business Legislative Council, has developed a guide to complying with the new Family and Medical Leave Act. The publication takes the employer through the step-by-step process of dealing with a leave request, and contains the full text of the law. Cost is \$20 for AAN members, \$40 for non-members, plus \$2.50 shipping and handling. To order, write AAN, 1250 I St., Suite 500, Washington, DC 20005 or phone (202) 789-2000.

**ARBORICULTURAL** LAW...The International Society of Arboriculture presents "Arboriculture and the Law" study guide to be used in conjunction with the textbook. The study guide uses case examples and refers readers back to the appropriate section of the text. Each study guide includes an answer sheet that can be returned to the ISA office; individuals with 44 out of 55 correct answers get 3 CEUs toward maintaining their certification. To order study guides, send \$2 for each to: ISA, P.O. Box GG, Savoy, IL 61874. MasterCard/Visa orders accepted via fax: (217) 355-9516.

DRAWING PLANS..."Basic Landscape Plan Drawing," a 60-minute VHS-format video tape, is available from Progress Products. Topics include: detailed materials list; quick-draw methods; symbol tricks to create a 3-D drawing; stylized lettering and more. Price is \$59.95 plus \$5 shipping and handling. Send check, Mastercard and Visa orders to Progress Products, 8652 W. Progress Dr., Littleton, CO 80123; or call (303) 973-1011.

**EPA REGS CHECKLIST...**RGF Environmental Systems has recently made available a *free* Environmental Self-Evaluating Compliance Questionnaire covering EPA regulations, including the new stormwater runoff requirements. The questionnaire covers all potential golf course/turf environmental problem areas. For your copy, contact RGF Environmental Systems, 3875 Fiscal Ct., West Palm Beach, FL 33404; (800) 842-7771.

**GREAT FOR CUSTOMERS...**"How to Plant" is the perfect leave-behind booklet for customers of lawn care and landscape businesses. The guide, originally published in 1940, just sold its millionth copy. "How to Plant," a 3-½"x7" booklet, covers planting instructions for 21 kinds of trees, shrubs, bushes, fruits and vegetables. They can be customized with a logo or imprint on the cover.

For additional information and a free copy of the guide, phone (800) 473-0157.

**SAFETY, SAFETY, SAFETY...**Video Information System Training Associates (VISTA), offers the green industry videobased training programs and training sem-

THE WORST PART ISN'T THAT SHE'S CALLED BACK THREE TIMES, OR THAT SHE PROBABLY WON'T RENEW. THE WORST PART IS THAT SHE'S GOT NEIGHBORS.

If she's calling you about grubs, fire ants, or mole crickets, you can bet her neighbors are hearing about you, too.

Makes you wish you'd used Triumph<sup>®</sup>, doesn't it? You could have delivered up to 90% control in just 2 to 3 days. Too bad. Bet you'll use Triumph first, next time.

inars. The services are provided to trade associations, utility companies, municipalities, large contractors or combined groups of smaller contractors. Programs are tailored to meet specific customer requirements. For more information, write VISTA, 525 Milwaukee Ave., Burlington, WI 53105 or phone (414) 767-0695 or (800) 942-2886.

**DIAGNOSING PROBLEMS...**Green industry professionals now have a convenient new tool to help diagnose pest problems. "Lawnscape and Ornamentals: Problems and Solutions" is a quick reference guide to common insects, diseases and weeds that infest lawns. It is an illustrated, 43-page booklet that can be obtained from Chipco distributors and sales representatives.

**PESTICIDE DIRECTORY...** The 1993 edition of the "Pesticide Directory" is available now from Thomson Publications, P.O. Box 9335, Fresno, CA 93791. The 160page book covers agricultural, horticultural, institutional, pest control, home & garden, and organic chemical manufacturers. Its price is \$49.95. For more information, or to order, phone (209) 435-2163. **ANOTHER CUSTOMER PERK...**The Fertilizer Institute and the PLCAA have produced a brochure for lawn care customers that highlights the environmental benefits derived from popular fertilizer use. It is available from the PLCAA for shipping and handling costs only. "Healthy Turf, Healthy Earth" fits into a letter-sized envelope. For a free sample and information on ordering bulk quantities, send a self-addressed, stamped envelope to PLCAA, 1000 Johnson Ferry Rd., NE, Suite C-135, Marietta, GA 30068-2112.

HOT TOPICS

**MORE ON SAFETY...**Aimed at employers and safety managers, Zee Medical now offers the Basic Safety Series video program. Included are topics such as forklift safety, electrical safety, eye care & safety and industrial ergonomics. Each program consists of a training manual, topic video, program outlines, tips on training meetings and scheduling forms, and an employee quiz. For more information and prices, write Zee Medical, P.O. Box 19527, Irvine, CA 92713; or phone (714) 252-9500.

**ON SPORTS TURF...** A new Sports Turf Maintenance Guide featuring tips from noted Kansas City groundskeepers George and Chip Toma is available free from PBI/Gordon Corp. The 32-page booklet outlines specifications and suggestions for mowing, watering, fertilizing; weed, insect and disease control; seeding, sodding, thatch and clippings management. For your copy, request Sports Turf Guide from PBI/Gordon Corp., P.O. Box 4090, Kansas City, MO 64101.

**TREE INJECTION...**Tree Technology Systems has published a self-study manual covering its Arbor-X microinjection products. Pages are color codes for each section, bound in a loose-leaf notebook. Copies of the self-study manual can be purchased for \$25 from Tree Technology Systems, Inc., 1014 Rein Rd., Cheektowaga, NY 14225; (800) 622-3711.

**PAVER INSTALLATION...** "Building Inter-locking Concrete Pavements" is now on sale from the Concrete Paver Institute, 2302 Horse Pen Rd., Herndon, VA 22071-3406. The 100-page instructional manual is for contractors and vocational schools. Copies begin at \$30 each plus \$6 handling and shipping. For more information, phone the institute at (703) 713-1900 or fax inquiries to (703) 713-1910.

## GREEN INDUSTRY SHOWCASE

# Synthetic lubricants: the wave of the future?

#### by Mark A. Massoglia

• Equipment maintenance can often be the determining factor in the success or failure of a landscape business.

A landscaper can't survive long without properly maintained equipment. And proper lubricant selection is the key element in any preventive maintenance program.

For decades, motor oils, two-cycle engine oils, gear lubricants and greases were made entirely from petroleum crude oil. More recently, however, synthetic lubricants have proven to provide vehicles and equipment with superior protection and extended service life. They are a bona fide alternative to petroleum lubricants.

Advances in engine technology over recent years have decreased the tolerances between engine components, and as a result, lubricants are put under more stress than ever. Combining tighter tolerances with changing fuel quality has resulted in more low temperature congealing, thermal breakdown, accelerated car-

Synthetic lubricants are formulated to meet the ever-increasing environmental regulations for off-road equipment.

#### Fungicide label extends ornamental, turf control

Daconil 2787 flowable fungicide, from ISK Biotech, now extends to 55 damaging diseases on 78 species of broadleaf shrubs and trees—including conifers—as well as foliage plants and flowering plants and bulbs.

A recent review by the Environmental Protection Agency made the label extension possible.

In turf applications, Daconil 2787 fungicide is now labeled for control of algal scum, as well as a broader range of the fungal pathogens that cause dollar spot, brown patch, leaf spot, melting-out, brown blight and other diseases.

ISK turf and specialty products sales manager, Jerry Pauley, says the label expansion is particularly important due to the growing threat of fungal resistance to single-site fungicides.

#### Perennial ryegrass matures early with dark green color

Fine Lawn Research, Inc. has released a new perennial ryegrass, Stallion Select.

Stallion Select (PS-105op rated perennial ryegrass variety, is an early maturing variety with a dark green color. It is semidwarf, and produces a dense turf with

bon deposits in two-cycle engines; high temperature volatilization in four-cycle engines.

Although petroleum goes through a refining process to remove impurities, some residue remains. Synthetic oil bases, on the other hand, are made from the chemically-engineered reaction of materials to produce a compound with a stable molecular structure.

Advantages of synthetic lubricants:

• They provide a superior lubricating film that allows components to move freely without causing metal-to-metal contact.

• Power is increased because less energy is being exerted during the lubrication process.

• Synthetic lubricants contain no wax, providing components with near-instant protection in the critical moments immediately after start-up.

• They are more resistant to thermal breakdown caused by oxidation because they contain no impurities and are able to withstand extreme temperatures.

Business owners and maintenance managers would be wise to note the many advantages of synthetic lubricants. They provide superior performance and are formulated to meet the ever-increasing environmental regulations for off-road equipment.

-The author is a technical writer for Amsoil, Inc., Superior, Wisc.

excellent mowing qualities.

Stallion Select is unique, says Fine Lawn, in that it has good resistance to rust, crown rust and leaf spot,

Quick establishement and compatibility with other perennial ryegrass varieties is considered a plus.

Other traits include:

•high levels of beneficial endophytes, at 94 percent or higher;

•good adaptation to cool-season climates. Stallion Select is suited for use in the south as an annual overseeding of Bermudagrass on lawns and golf courses (plant hardiness zones 2 through 10).

# PRODUCT REVIEW

### Control weeds for up to six, eight months

Gallery is a selective pre-emergence herbicide from DowElanco that prevents the growth of 95 species of broadleaf weeds for up to six to eight months. It can be used in 440 field-grown and 230 container-grown ornamentals, ground covers, nursery stock, non-bearing fruit and nut crops, non-bearing vineyards and noncropland areas.

Unique to Gallery is its active ingredient, isoxaben, a new class of chemistry developed by DowElanco.

Gallery is recommended for use on most established cool and warm-season turfgrasses, including bahiagrass, bermudagrass, buffalograss, bentgrass, bluegrass, ryegrass and fescue.

#### Keep those paving lines clean with this product

Paver, asphalt and aggregate installations look better and last longer with new heavy-duty StructurEdge aluminum Lshaped paving restraints from PermaLoc Corp.

Five types of restraints are available fro a variety of applications around patios, walkways, driveways, maintenance strips, athletic surfaces and natural trails. All readily form curves, radii and angles.

StructurEdge is anchored with 10-inch spiral steel spikes and is designed to receive spikes every six inches on center. **Circle No. 194 on Reader Inquiry Card** 

#### Irrigation filter simple, innovative and patented

The Thompson Filter, a new, compact, stainless steel irrigation filter has been introduced by Miller-Leaman Inc. The simple design offers an efficient alternative to expensive automatic filters, the manufacturer says.

Available in 2- to 10inch sizes, the Thompson Filter operates on less horsepower. The filters can

handle flow rates up to 2000 gpm and can be used with a manifold. Working pressures are up to 150 psi; screen meshes are available from sizes 30 to 50.

# PRODUCT REVIEW

#### Ornamental herbicide now labeled for five more plants

Grace-Sierra recently expanded the usage specifications for its Rout Ornamental Herbicide.

Rout, formulated for pre-emergence control of weeds in ornametal and landscape crops, can now be applied to English Boxwood, Scotch Pine, Korean spice viburnum and conifers *Taxus "Hicksii" and Taxus "Runyon."* 

Common names for 41 previouslyapproved species have also been added to the product label, in order to ease grower identification of labeled species.

#### Convert trimmers to power scrubbers quickly, easily

Scrub-Rite Products of Virginia Beach, Va. has marketed the Scrub-Rite Conversion Kit.

The conversion Kit is a complete kit

which transforms commercial gasolinepowered grass trimmers into multi-purpose cleaning machines.

When combined with controlled, high rpm of a commercial grass trimmer, Scrub-Rite's customer-designed brushes can clean just about anything. **Circle No. 199 on Reader Inquiry Card** 

#### Tackifier keeps seed, fertilizer and soil in place

Silva-Tack is a concentrated tackifier that boosts the boind-ing ower of mulch.

The result is a web-lick network of interlocking fibers that cling to the soil to hold seed, fertilizer and soil in place.

Silva-Tack stabilizes soil and sand and controls fugitive dust.

According to Weyerhauser, Siva-Tack yields 93 percent soluble material while one of its closest competitors yields only 45 percent.

Silva-Tack's ability to quickly and completely dissolv in water means the binder will be effec tively and evenly distributed

to the mulch.

Silva -Tack contains no reducers, fillers or inert ingredients. Made from 100 percent natural, non-toxic materials,

Silva-Tack will not harm wildlife, soil or machinery.

Circle No. 200 on Reader Inquiry Card

#### Spill control fast, effective with new drum wrapping

DrumRoll is a new twist in spill control technology: an inflatable wrapper that seals leaks instantly till repairs can be

made.

DrumRoll has an easily activated  $CO_2$  cartridge that immediately inflates a Teflon-coated bladder to seal the leak.

Fast deployment lessens spill clean up and eliminates the need for tipping and pegging.

DrumRoll fits steel, plastic, and fiberboard 55-allon drums.

It stops leaks up to seven x two inches and shuts down liquid and granular leaks.

DrumRoll offers companies a reusable training kit to reduce training cost.

Each training kit contains a rugged DrumRoll that can be used for up to 50 applications,  $10 \text{ CO}_2$  cartridges a training video and manual.

A mounting bracket is also available and specification sheets available on request.
