

## If the paper boy can hit it, so can we.

Maybe you don't know that a little bit of TEMPO insecticide can cover a whole lot. We're talking trees, shrubs, bushes, flowers. Even lawns.

The reason is simple. TEMPO uses an advanced technology to give you the flexibility to effectively control both leaf-feeding and surface insects — including deer ticks, the main carrier of Lyme disease.

TEMPO also provides the fast knock-down, and the residual control, you'd expect

from a top insecticide. And TEMPO does it all with *80% less active ingredient* than the insecticide you may be using now.

And get this. *TEMPO has a low odor.* That alone should help you start breathing easier about your next job.

If you'd like to give TEMPO a shot, contact Miles Inc., Specialty Products, Box 4913, Kansas City, MO 64120. (800) 842-8020.
