

# LESCO YOUR SEED PRO

## SHAMROCK KENTUCKY BLUEGRASS

Relatively low growing variety with a dark green genetic color and medium fine textured leaf blade. Early spring green-up.

## DAWN

Kentucky Bluegrass

A medium bright green, fine textured grass that greens up early, keeps color late into fall and grows well in moderate shade.

## Julia

Kentucky Bluegrass

A moderately dark green variety with early spring green-up and excellent density and wear tolerance, even at a shorter cutting height.

## ADVANTAGE

TURF-TYPE PERENNIAL RYEGRASS

Superior dwarf turf-type perennial with very dark green color, fine leaf texture, excellent density, and high endophyte content with insect and disease resistance.

## ASSURE

Turf-type Perennial Ryegrass

Excellent dark green color, fine leaves, superior density, high endophyte content, and insect and disease resistance.

## LEGACY

turf-type perennial ryegrass

A dark green, dense variety with fine leaf texture, dwarf growth habit and high endophyte content. Tolerant of heat, drought, and low mowing.

## COMMANDER

TURF-TYPE PERENNIAL RYEGRASS

A rich dark green variety with high endophyte content to fend off insects, and good disease resistance.

## TranStar

INTERMEDIATE RYEGRASS

Excellent for overseeding dormant warm-season grasses and for temporary soil stabilization. This variety exhibits dark green color, moderate leaf texture, and reduced growth rate.

## LANCER

Dwarf Turf-Type Tall Fescue

A low-growing dwarf turf-type with a finer leaf texture with very dark green color, provides very dense superior turf.

## TRAILBLAZER II

Dwarf Turf-Type Tall Fescue

Lower growing darker green tall fescue with shorter mature plant height. Very fine textured, dense, premium quality turf.

## TRAILBLAZER

DWARF TURF-TYPE TALL FESCUE

Lower growing, darker green tall fescue with a slower leaf extension rate and a shorter mature plant height.

## Wrangler

TURF-TYPE TALL FESCUE

A moderately low growing turf-type tall fescue with rich, dark green color, good density, and good adaptability.

## CIMARRON

TURF-TYPE TALL FESCUE

A moderately low growing turf-type tall fescue with rich, dark green color, moderate leaf texture, and reduced growth rate.

## SHADEMASTER

Creeping Red Fescue

A rich, blue-green variety with the ability to form a dense fine turf for a creeping fescue.

## Shetland

PREMIUM SHEEP FESCUE

Durable, low maintenance blue-gray fine fescue that grows well in sun or shade. Shetland is a low-maintenance turfgrass.

## PROAm

Poa trivialis

Exhibits a darker green color and dwarf growth habit that provides a dense, fine textured turf without excessive top growth.
