

## Louvered decks, fence railings add style, privacy to outdoor lounging

The new LouveRail Mechanism from LouveRail Enterprises allows 180-degree rotation of louvers in a fence or deck railing to permit control of wind flow, sunlight, privacy and view.

The louvers operate as any standard louver. Users can simultaneously adjust manually or by remote control.

LouveRail can be used with wood vinyl or other materials.

The mechanism can easily be installed, and is guaranteed for life in any climate. LouveRail can be used to build a flexible deck railing, fence, overhead patio canopy, outside shower stall, hot tub enclosure and more.

**Circle No. 199 on Reader Inquiry Card**

## 6-station irrigation control easy to program, compact

Hardie Irrigation has introduced the new Slim Dial irrigation controller, which features an attractive slim-line cabinet and easy programming.

The economical six-station, dual-program controller was designed to fit the requirements of most residential applications. It offers the ultimate in programming simplicity with a new Guided Programming feature that leads the user through the process in steps.

Other features include a durable plastic case, a wiring skirt, conduit adaptor and automatic or manual watering options.

**Circle No. 200 on Reader Inquiry Card**

## New rates approved for Dutch elm/oak wilt control

The Environmental Protection Agency has registered new, higher rates for Ciba's Alamo fungicide, for use in pressurized injection equipment when treating for oak wilt and Dutch elm disease.

The company reports that the product is even more effective than before.

For preventive treatment, six ml. of Alamo is directed, and a 10 ml. rate is recommended for curative treatments.

Oak wilt and Dutch elm disease fungi infect and, eventually, plug the vascular systems of trees. In effect, the tree is starved, as water and nutrients are not distributed throughout the roots, trunk branches and leaves.

Alamo controls disease systemically, and prevents vascular plugging. The company says the product is more effective when used before symptoms appear, to keep the disease from doing any damage.

Alamo may also be applied to prolong the life of trees already infected with as much as 20 percent crown loss.

## All-in-one deep-drill greens aerifier is easy on turf

The Floyd McKay deep-drill unit bores up to 10-inches deep, but it never puts more than nine lbs./sq.in. of pressure on the green.

It penetrates the hard pan, increases root depth and allows for better percolation.

Greens are completely healed in two to four days.

The aerifier's rotating carbide-tipped bits relieve subsurface stress but do not destroy the existing capillary system or stress the existing root system, often caused by lifting the turf mat.

The unit has been redesigned with a dramatically increased drilling speed. It leaves no wheel tracks or dimpled holes, and requires less top dressing for greens after drilling. No separate tractor is required for this all-in-one unit.

The company says the aerifier can be used on tee boxes and fairways.

**Circle No. 202 on Reader Inquiry Card**

## Flexible, durable border marker easy to install

CPC Company now markets the Re-Flex border marker, a flexible, reflecting pole in a light-duty and heavy-duty model.

The heavy duty border marker will handle most direct drive-overs. The marker flexes on impact and returns to an upright position, which reduces replacement or repair costs.

The Re-Flex marker is covered with high-quality soft rubber, which eliminates scratching of objects with which it comes into contact.

The border marker is available in two lengths. When installed, the markers stand 24 and 36 inches above ground.

**Agricultural equipment company enters industry**

The Bush Hog company has applied its experience as a manufacturer of agricultural equipment to the green industry. The Bush Hog Zero Turn Mower is now available, with many user-friendly features.

The controls are easy to operate, and are located right beside the driver. There

are no gears to shift or pedals to push. Control levers do all the work, including maintaining speed, direction and braking.

The mower deck tilts up to 90-degrees for easy service and maintenance.

The mower is 10- to 12-inches shorter than competitive models, for better maneuverability around trees and obstacles.

There is a minimum 2- $\frac{1}{2}$  inches distance between the tractor and the deck for a complete cut in tight, Z-shaped maneuvers.

A low center of gravity is helpful when making hillside cuts, and a low profile lends better traction and stability.

**Circle No. 204 on Reader Inquiry Card**

**New aerator features modular weight system**

BlueBird's new TripleAire is called the only towable aerator with a modular weight system that incrementally raises the weight of the unit from 190 to 580 pounds for optimal soil penetration.

The TripleAire weight system also lets the operator raise and lower the aerator tines without leaving the controls.

The BlueBird has other helpful features including:

- three optional tines: coring spoons, spikes, and slicing blades;
- capacity to aerate 126,700 sq.ft. per

hour at 8 mph;

- independently mounted tine shafts to permit a differential action for greater maneuverability and turf protection in tight turns.
- tip wheels allow it to pass through narrow gates;
- can be towed by lawn tractors or riding mowers with 16 hp engines.

The BlueBird line also includes a self-propelled, walk-behind aerator, several models of lawn combers and a lawn seeder.

DURSBAN ELIMINATES 140  
INSECT PESTS BECAUSE ALL IT TAKES  
IS ONE TO BUG A CUSTOMER.

Most customers tend to overreact. Discover one lawn pest and they think they're infested. Never mind that most customers can't tell the difference between a sod webworm and a night crawler.

Keeping customers' lawns insect pest free is what Dursban\* insecticide is all about. Not only is it a dependable and economical broad spectrum insecticide,

but it has also been formulated to provide you an effective residual on most turfgrasses and ornamentals.

One thing for sure, use Dursban and customers won't be bugging you with their insect pest problems.

For further information on Dursban, or any other product in the extensive line of DowElanco products, give us a call at 1-800-352-6776. Always read and follow label directions.
