

New low odor technology

Same outstanding performance

"The low odor is an advantage with our high-end commercial accounts where customers are coming and going all day, as well as with our high-end residential accounts who don't need to close their windows or postpone outdoor activities to avoid the pesticide odor."

Tom Mieval, General Manager, of a major Cleveland, Ohio lawn care company.

Trimec® Classic Broadleaf Herbicide is now a "low odor" product. This new characteristic is not created with a masking agent. Advancements in our production technology have enabled us to manufacture Trimec® Classic as a low odor product. If you've been using a "cheaper" three-way and adding a masking agent, now would be an excellent time to switch to quality -
