

Tough Choice for Hard Hats

Two tough machines to get you into and out of tight spots. Our loader/landscaper tractors – the Kubota B21 with 21 horsepower and the L35 with 35 horsepower – give you two ways to go when you're moving dirt.

Both tractors are compact and powerful for working in close quarters. They feature a slanted, hard-nose hood and enclosed muffler for better visibility. A liquid-cooled diesel engine, power steering and 4-wheel drive are all standard features.

The B21 features a user-friendly hydrostatic transmission with 3-speed range. While the L35's new generation Glide Shift Transmission operates all eight speeds and reverse without clutching.

Integrally designed, the front loader on the B21

and L35 have a convenient single-lever/dual function control with an increased lifting capacity. The backhoe is a cinch to quick-attach while the rear PTO and 3-point hitch maximize

your applications. Dig, till, scrape or mow with one tractor. Both tractors are easy to transport on a utility trailer, so they go where you go. And this tough team is solidly built to Kubota's rigorous standards.

So, small wonder these compacts are the choice for breaking ground with contractors and municipal diggers everywhere. See your dealer today and size up these versatile compacts.
