## GET SAFE, EFFECTIVE GOOSE CONTROL.

**F**lightControl® is the only product that effectively protects turf areas seven days a week, 24 hours a day. It works in two ways, first by sending a visual warning (geese see it, but humans don't), then by delivering a harmless, but effective gut reaction if they feed. FlightControl is odorless, weather-proof, and does the job without harming humans, vegetation or wildlife.
