WEEDS NEVER SEE THE LIGHT OF DAY.

Lurking just beneath the surface are thousands of tiny weed seeds, threatening to ravage lawns and established ornamentals. Fortunately, Pendulum® preemergent herbicide stops more than 40 broadleaf and grassy weeds dead.

Pendulum is a proven performer, offering well over a decade of unsurpassed, season-long control and unmatched value to maximize your profit margins.

It's a combination that's earned Pendulum a higher satisfaction rating from LCOs than any other preemergent.*
