WEEDS NEVER SEE THE LIGHT OF DAY.

BASF
PROFESSIONAL
TURF

Lurking just beneath the surface are thousands of tiny weed seeds, threatening to ravage lawns and established ornamentals. Fortunately, Pendulum® preemergent herbicide stops more than 40 broadleaf and grassy weeds dead.

Pendulum is a proven performer, offering well over a decade of unsurpassed, season-long control and unmatched value to maximize your profit margins.

It's a combination that's earned Pendulum a higher satisfaction rating from LCOs than any other preemergent.*

To learn more about how Pendulum can make sure weeds never see the light of day, call 1-800-545-9525, ext. T3257 or visit www.turffacts.com.

Always read and follow label directions.

THE PERFECT COMPANY CAR

FOR YOUR KIND OF OFFICE.

INTRODUCING THE ALL-NEW KAWASAKI MULE™ 3000 SERIES.

With the curves of a pick-up and the soul of a forklift, it's the very first company car built for a blue-collar world. Now whether that means a loading dock, construction site or even a strip mine, the 4WD MULE, and its 4-stroke, liquid-cooled V-Twin, gives you the muscle

to power right through your day. Even with over 800 lbs on its back, 1200 lbs in tow and a passenger at your side, there's nothing else more durable or more versatile. And with a body this sleek, you'll finally have the crew watching something other than the clock.

94. Cleanup Crew

I'm your heavyweight champ.

There's no contest. 'Cause I have no competition. Best-in-class power. And towing capability to match.

The new Sierra® 2500HD. Smart money.

Start running new GMC® Sierra heavy-duty pickups. And the last thing you'll ever run into is risky business.

You see, we offer the most powerful trucks in the ¾-ton and 1-ton working world. That's power defined as the very best. In GVWRs* of 8,600 lbs through 12,000 lbs.

It's power that translates into a GCWR¹ of up to 22,000 lbs. That is to say, the absolute best trailer rating. Its new Vortec™ 8100 delivers more power and torque than our competitors' V-10 gas engines. Basically, Sierra is hyperpowered to keep your business hypercharged.

For true power mongers, there's the DURAMAX™ 6600 diesel. The most powerful diesel engine ever produced,² teamed with an Allison™ transmission to create the most capable, work-eating heavy-duty pickup ever.

Invest in a sure thing. The New Sierra 2500HD.

GMC®

Count on us.

Call GMC at 1-800-GMC-8782.
Or visit www.gmcforwork.com.

* Trucks with GVWR from 8,600 lbs to 12,000 lbs. Based on comparing 2001 Sierra to competitive 2000-model-year vehicles. Excludes other GM® vehicles.
¹ When properly equipped; includes weight of vehicle, passengers, cargo, and equipment. Vehicles shown with equipment from independent suppliers.
² See owner's manual for information on alterations and warranties. © 2000 General Motors Corporation. All rights reserved.

JUST BUILT BETTER™

It all starts here.

When you need performance and dependability, count on Echo to deliver. Inside every Echo power tool beats our world-class, two-stroke engine – the product of more than 50 years of manufacturing excellence. Powerful yet lightweight, all Echo engines are certified for extended commercial use (300 hours) and are designed to meet or exceed EPA and CARB emission standards. At Echo, we continue to set the industry standard for quality and reliability in commercial outdoor power equipment – every hard-working day.

The longest running, hardest working, most powerful outdoor power equipment in the landscaping business!

Three sure signs of weed control

Featuring Chaser® Ultra, the newest member of the latest generation of three-way herbicides

- A family of superior cool or warm season performers that control broadleaf weeds such as dandelion, clover, chickweed, plantain, oxalis and spurge
- Chaser® Ultra, made from the amines of Clopyralid, MCPA and Dichloroprop-p, is also effective on a broad spectrum of other weeds that are much harder to control such as ground ivy and Canada thistle

- Chaser® Ultra is not made with 2,4-D and because it does not contain Dicamba, it's better for use around shallow-rooted ornamental plants and trees
- Chaser and Chaser 2 Amine are economical Triclopyr and 2,4-D formulations with excellent turf safety and superior control of hard-to-kill weeds
- Use Chaser in cooler weather such as the spring and fall and Chaser 2 Amine when days are warmer for year-round control
