

continued from page 68

Fabrics for flowers

Dalen Products Inc. has introduced a new line of commercial landscape fabrics. The Pro-Shield line includes five materials that the company claims can handle any nursery or commercial application. Pro-Shield Woven 5 and Woven 4 are both needle-punched woven fabrics. Pro-Shield Woven 3 is a 3.25 oz. woven fabric. There are also two spun bonded materials.

For more information contact Dalen at 800/747-3256 or visit www.gardeneer.com / circle no. 271

Safe storage

Safety Storage Inc.'s shelving, available in flat or spill containment styles, provides storage and handling of bottles, buckets, bags and boxes of dry and liquid chemicals. Separation walls can keep incompatible materials apart. Both shelving and separation walls are made from sheet steel protected by chemical resistant coating. Stainless steel units are also available.

For more information contact Safety Storage at 800/344-6539 or www.safetystorage.com / circle no. 272

On the level

Glenmac, Inc.'s Harley Power Box Rake grades, levels and backfills trenches. The carbide-toothed roller lifts the loose material and directs it back to the trench with the activation of the

powered angle and the collecting effect of the box-end plates to replace and refill the disturbed trench area.

For more information contact Glenmac at 800/437-9779 or www.glenmac.com / circle no. 273

Convenient compacting tool

BOMAG's BT80D is a diesel-powered vibratory tamper with a 4.4-hp Yanmar diesel that offers travel speeds up to 52.8 ft. per minute or 3.6 mph. The BT80D is capable of compacting up to 3,400 sq. ft. per hour and has a maximum compaction depth of 25 in.

For more information contact BOMAG at 800/235-0008 or visit www.bomag-america.com / circle no. 274

Can you dig?

Nupla Corporation's fiberglass-handled construction and material-handling tools, which include shovels, post-hole diggers, timber handling tools and others, are rugged and nonconductive. The Power Pylon shovels and spades feature a molded, fiberglass-reinforced composite handle attachment where the handle and blade are fused as one. They're available in round, square, landscaping and trenching models.

For more information contact Nupla Corp. at 800/872-7661 or www.nuplacorp.com / circle no. 275

Get a load of this

Karl Schaeff & Co. says its new SCL 515 compact wheel loader is an alternative to skid steers because it saves fuel, is more comfortable and doesn't tear up the ground. It weighs 7,400 lbs. and has an operating load of 2,260 lbs. and a 50-hp four-cylinder diesel engine. Hydrostatic drive keeps engine rpms up, lessens tire wear and provides a more comfortable ride.

For more information contact Schaeff at 214/357-8300 / circle no. 276

No danger here

Environmental Products' hazardous material storage buildings comply to building, environmental and safety codes and feature advanced coating technology, oversized containment sump, modular, interlocking wall panels, stainless steel interior panels, support beams and forklift channels. Fire suppression system is optional.

For more information contact Environmental Products at 440/934-2180 / www.benko-products.com or circle no. 277

Powerful pickin' up

The LB Power Pickup Broom attachment from M-B Companies allows equipment operators to use skid steer or articulated loaders for street sweeping. The front-mounted pickup broom comes with sweeper, bucket and quick-attach mounting hardware. A hydraulic drive motor powers a broom that sweeps dust, gravel, stones and leaves into bucket. Brush speed is variable up to 180 rpms. The loader's bucket can be emptied without the removal of the sweeper. Brushes are available in 48-, 60- or 72-in. lengths. Optional equipment includes sprinkler system and gutter broom.

For more information contact M-B Companies at 800/585-5800 or www.m-bco.com / circle no. 278

Cruisin' around

Snapper's Grounds Cruiser utility vehicle features a 9.5-hp Kawasaki OHV engine with full pressure lubrication, an automatic torque converter transmission and a land speed of 0 to 18 mph. Rack and pinion steering on a 78-in. wheel basewith independent front suspension and a rollover protection system offer comfort

Just a sprinkle

NIBCO says its new electronic control device, XeriTron, improves lawn sprinkler system performance while saving homeowners water and money. Easily connected to an existing sprinkler system's controller, the XeriTron unit sends a series of electronic signals through the system, creating a

Spray away

Hunter Industries' Institutional Spray is a new multi-featured spray sprinkler that was made for use in high traffic commercial or institutional sites. The spray is available as a 4-, 6- or 12-in. pop-up and features a built-in pressure regulator which maintains water pressure at 30 psi.

**For more information contact Hunter at 800/733-2823 or visit
www.hunterindustries.com / circle no. 280**

pulsing action. Large water droplets fall close to the sprinkler heads as they open and close for even distribution.

The Evergreen Foundation

Bringing professionals and volunteers together to create green spaces that improve our lives

It's a proven fact:

Green spaces such as public greenways and trails:

- Act as filters to cleanse the air of pollutants
- Act as sound buffers
- Have a calming effect on mind and body
- Are places for recreation as well as enjoyment
- Provide habitat for wildlife that would otherwise be driven away

The Evergreen Foundation is unique among existing organizations working to create new greenways. We harness the skills and resources of professionals in the Green Industry, including manufacturers, and couple them with dedicated volunteers from local communities.

WE INVITE YOU TO JOIN US

Become a member of the Evergreen Foundation in one of three ways

- Green Backer
- Green Supporter
- Green Promoter

REPEATING an ad ensures it will be seen & remembered

cleanup crew

THIS AND THAT

Young turf producer knows no limits

Jonathan Greer on his specially modified tractor.

Eighteen-year-old Jonathan Greer is one efficient wholesale turf producer. Despite having cerebral palsy, he's able to maintain 25 acres of hybrid bermudagrass thanks to Mississippi State University's AgrAbility program. Jonathan's parents were looking for an occupation where his cerebral palsy wouldn't be a disadvantage, and AgrAbility specialists determined turfgrass production was it. A company already in the business agreed to plant, spray and harvest the crop, while Jonathan agreed to water, fertilize and mow it.

To perform those tasks, he uses a specially modified John Deere tractor. The name of his business? Ability Turf, of course.

Happy 75th, Meyer

Can you believe Meyer Snow Plows has been duking it out with Old Man Winter since 1926? It was that year, in Newburgh, NY, that Edward B. Meyer attached a wooden moldboard to his Buick to clear snow from his driveway. A photo caption in The Newburgh News read: "When the snow is blocking the road, Edward B. Meyer of Downing Avenue does not lay up his car or wait for the Public Services plows to make a path. He hooks up a plow of his own device to his Buick and away he goes." Dozens of requests flooded in from readers about where they could purchase such a device, and the rest, as they say, is history.

LANDSCAPE MANAGEMENT (ISSN 0894-1254) is published monthly by Advanstar Communications, Inc., 131 W.
