

DESIGNED TO MEET THE MOST DEMANDING SPECS. YOURS.

You said you needed a small “big” excavator. Consider it done. Weighing in at just over 18,400 pounds, the 85D still manages to pack plenty of your other big ideas into its reduced-tail-swing design. Versatility? It sports a standard blade, a swing boom for tight work, and three track options: continuous rubber belt, rubber crawler pads, or steel tracks. For big excavator technology (and reliability) in a compact package, see your dealer or call 800-503-3373. Productivity? Uptime? Low Daily Operating Costs? We’re On It.™
