Call before you dig.

**DESIGNED TO MEET THE MOST DEMANDING SPECS.
YOURS.**

You said you needed a small “big” excavator. Consider it done. Weighing in at just over 13,600 pounds, the 60D still manages to pack plenty of your other big ideas into its reduced-tail-swing design. Versatility? It sports a standard blade, a swing boom for tight work, and three track options: continuous rubber belt, rubber crawler pads, or steel tracks. For big excavator technology (and reliability) in a compact package, see your dealer or call 800-503-3373. Productivity? Uptime? Low Daily Operating Costs? We’re On It.™
