

# WEED OUT THE ORDINARY

## THE NEW SPRINTER

The best way to succeed out here is to maximize your efforts every day. To make that happen, you need a commercial vehicle that works as efficiently as you do. With a 2-stage turbocharged diesel engine and 7-speed transmission, the New Sprinter has the power to get you moving, with fewer stops at the gas station. The 2014 Sprinter—anything but ordinary.
