## Scope and Contents

---

The collection contains specifications, correspondence, bills, and blueprints of many campus buildings. The collection is split into four series. The Buildings series contains files related to buildings. The buildings are arranged alphabetically.

The Subject Files series contains files that are not related to specific buildings. These include reports, files containing material on several buildings, grounds, lighting, tunnels and conduits, drains, and swamp land sales, insurance policies. Most notable in this series is the Olmstead Brothers report about the grounds.

The Blueprints series is of campus buildings.

Nine buildings erected on campus with the aid of federal funds supplied by the Public Works Administration (PWA). They are referred to in correspondence between the Public Works Administration and Michigan State University by these code numbers.
